#### MANAGEMENT DISCUSSION AND ANALYSIS REPORT

#### **INDUSTRY STRUCTURE AND DEVLOPMENTS**

The global economic turbulence that continued for past few years was expected to ease off by 2015 with stable and motivated new Government. The Indian economy was under stress and the rupee depreciates sharply. India registered an economic growth of 4.7% in the financial year 2013-14 and 7.5% in 2014-15. Price pressure due to high inflation, fuel cost, a weakening rupee and rising input prices remained major concern for manufacturers. We faced significant strains in our growth rate as the same was in the Industry. But it was clear that edible oils and specially Vanaspati would go through a tough time. We did observe that commodity companies especially in the edible oils sector were losing money. Vanaspati also has been reeling from health related issues within the consumer domain. We also noticed that even amongst our traditional sweet trade there was continuous conversion from Vanaspati to palm oil. Containment of the fiscal and current account deficits in the coming months will provide a cushion to the Indian economy from further volatility. Low household consumption of Vanaspati Products in India due to health conscious, change in pattern of food culture, changing life style, introduction of new models and increasing consumer awareness give tough challenges to the industries to adopt new technologies. A large number of consumer brand lovalty were increasingly affecting the industry.

Reserve Bank of India's policy seems to be heading towards creation of a stable, low inflation regime. The Reserve Bank of India (RBI) has started to lower the interest rates as well as increase the liquidity in the economy by taking various initiatives. The RBI has indicated that further monetary actions will be conditioned by incoming data especially on the easing of supply constraints, pass through of rate cuts into lending rates and improved availability of key inputs such as power, land, mineral and infrastructure. Additionally, impact of US interest rates on global capital flows will determine the pace of interest rate cuts. Post the regime change in India's federal Government, there have been firm signals of development agenda and pushing of reforms required to revitalize the economy. The Government has taken measures to revive the economy by modifying FDI policies for various industries, pushing hard for infrastructure spending and towards creating smart cities. Reforms to create flexibility in labour markets, safety net for the unorganized sector and passing of GST to create a common market will go a long way to take the growth momentum to a different level.

#### **COMPANY OVERVIEW & OUTLOOK**

The company's production has been discontinued with effect from 15th July, 2011. The company has obtained license from FSSAI for production. However, due to non clearance by the pollution control Board and non availability of orders from buyers the company could not restart its production. The production or operation procedure includes the use of boilers running on coal consumption which is objectionable to the Municipality & Pollution Control Board. There are various reasons behind decline in production. Even after due effort of the management to sustain in the industry it was not viable to continue with the same business line and the management has to take strong strategic decisions.

Your Management is efficient to take the challenges to carry on the smooth operation of the Company with different line of business to take over the market as maximum as possible by utilizing the maximum capacity of the resources of the Company. The management after analyzing the current position of the whole set up of the Company, came across the following situations:

- 1. Strong pollution norms were also faced by the unit which was very tough to comply with for the management.
- 2. The demand of the product was so low to reach even the BEP.
- 3. The factory premises area is surrounded with School, Official & Residential building and is densely populated with human inhabitant. It was not practical to continue a large unit with such a densely populated area.

In this situation, the management have no way but to shift the existing unit to a new remote suitable area and to diversify the existing unit into a new concept of developing and promoting the area for the fulfillment of demand of the locality and in this regard the Board at its meeting held on **22nd January**, **2015** approved the proposed project **viz**; **"Responce City"** for building Housing Complex on the Land of the company. The Housing Complex may consists of Residential & Commercial buildings, Amusement Park, Play Ground, Hospital or Nursing Home and School etc. The company may with or without JV complete the project. The company may engage itself into Real Estate Business activity.

Your Company continues to implement its strategy to concentrate on its core business activity of manufacturing of edible oil. The company may enjoy the synergy in its core business activity by utilizing its profits earned from the projected business into farming of oil seeds ie. manufacturing of raw-material and re-start manufacturing of Edible oil with use of new & advanced technological instruments at plant proposed to be shifted to a different location in remote village of West Bengal. Our backward bending strategy will continue to motivate agriculture sector in the Country and support farmers for their sustainability & livelihood. This will bring financial reliance and development of farmers

and their family and the locality with betterment to the life. Your company also propose to continue its trading business activity to generate revenue. We presumed our strategy in the best interest of stakeholders and the company. A success to the presumed strategy may allow us to propose dividend in near future.

Your Company is pleased to inform you that the Company has obtained listing & trading approval of its equity share at BSE Ltd. providing ready marketability of securities on a continuous basis adding prestige and importance to the company. This will increase your company's credential and we can borrow from financial institutions easily and also the company can raise additional funds from the public through the new issue market with a greater degree of assurance.

The Audited Financial Statements of the Company as on 31st March, 2015 represent Rs.7,60,00,000/- standing to the credit of Securities Premium / Free Reserves and Capital Redemption Reserve Account of the Company and to capitalize such sum and to pass on the benefit to its shareholders of amount lying in Securities Premium and Capital Redemption Reserve, your Company may propose for the issuance of bonus shares.

#### **OPPORTUNITIES**

Increase in disposable income and spending among people with moderate economic growth, leads to higher propensity to consume. We believe in the years ahead one will see more robust growth and therefore more consumption.

Further, increase in rural market for product with verity of brands, change in consumption pattern and health conscious among consumers are likely to witness growing demand of quality products in the current years. Also Technological improvements on regular basis are needed to satisfy consumers test & preferences. They tend to look for healthy products when it comes to choosing products for consumption. Newer variants of our products will help the company in getting the attention of consumers who look for healthy lifestyle products that may replace & niche demand for our products. This also requires perfect marketing mix to penetrate product in the market.

The company foresee glimpse of opportunity in the Real Estate as The Government has pushed big ticket reforms to provide housing for the masses with the introduction of their policy viz. 'Housing for All by 2022'. In India, the pace of urbanization has not been able to match its peers globally. Approximately 30% of India's population lives in cities as compared to an average 50% globally and 70% in developing nations and substantial portions of this population lives in illegal, shanty towns. The Government expects that half of the population would be shifting to urban cities by 2050. Further the government's initiation of SMART CITY concept is also one motivating factor.

#### THREATS

The industry has always been adversely affected by high volatility in prices of major inputs, deficiency of project management capabilities; slow down in government decision making, delays in approval by Authorities and lack of availability of skilled laborers. Natural calamities like poor weather conditions and manmade disruptions like encroachment, disruption of supply chain etc. continue to be a major constraint in the business growth. The major threat being faced are regulatory changes, interest rates hiked by RBI, high inflation etc. The Company is also facing stiff competition to sustain in the market with several brands Safola, Dalda Active, Emami Refined Soyabean Oil, Sunflower and various. The competition became toughest when customer's brand loyalty is considered.

#### **RISKS & CONCERNS**

Risks are inherent in every business and their successful mitigation is necessary to protect profitability. In a highly competitive market, the ability to manage diverse risks determines success for a company. Our Strategic focus on Real Estate sector in India exposes the Company to a vast variety of risks. Your Company's growth and profitability are dependent on the consumer's Life style, consumption habits & pattern along Marketing Strategies. The Company is exposed to several market risks like credit risk, liquidity risk and interest rate risk which are major cause of concern to the Company.

#### INTERNAL CONTROL SYSTEM & ADEQUACY

Internal control systems and procedures in the Company are commensurate with the size and the nature of Company's business and are regularly reviewed and updated by incorporating changes in regulatory provisions in order to safeguard the assets and to ensure reliability of financial reporting. The Company has adequate system of internal controls to ensure that all the assets are safeguarded and are productive and being replaced or scrape are sold whenever it considered waste. Checks and balances are in place and are reviewed at regular intervals to ensure that transactions are properly authorized and reported correctly. The internal control is supplemented by an extensive programme of internal audits, review by management, documented policies, guidelines and procedures. The internal control is designed to ensure that financial and other records are reliable for preparing financial information and other data, and for maintaining accountability of assets.

#### **HUMAN RESOURCES**

The Company continues to give priority to its human assets. The Company provides a fair and equitable work environment to all its employees. The Company is continuously working to create and nurture an atmosphere which is highly motivated and result oriented.

#### FINANCIAL PEROFRMANCE

The financial performance of the Company for the year under review is discussed in detail in the Directors Report. Your Company's finance function is responsible for correctness of all financial information, timely reporting of business metrics, ensuring complete financial propriety & control, effective risk management, treasury operations and institutional investor relations. The function is organized along with finance teams for each business unit which work within well defined parameters and policies to ensure flexibility, speed and control at the same time.

Regular presentations of audit reports including significant audit findings and compliance assurance along with the implementation status and resolution timelines is made to the Audit Committee of the Board by the internal auditors. Every quarter, the statutory auditors also make a presentation of the summary of audit issues to the Audit Committee.

#### Notes to the Financial Statements for the Year Ended 31st March, 2015

#### <u>Note – 1</u>

#### **Significant Accounting Policies**

#### a. Basis of Preparation :

The Financial Statements are prepared on Historical Cost Convention. Financial Statements are prepared in accordance with relevant presentational requirements of the Companies Act, 2013 and applicable mandatory Accounting Standards as prescribed under section 133 of Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014.

#### b. Basis of Accounting:

The accounts are prepared on the historical cost convention following the accrual system of Accounting except leave encashment to the employees.

#### c. Revenue Recognition :

- 1. Sales are exclusive of sales tax/excise duty and net of returns and are taken into account on passing of the title of goods, Sales on consignment and expenses thereof are being accounted for in the year of receipt of Account Sales from respective consignees.
- 2. Other income and expenses are accounted for on accrual basis except mentioned above.

#### d. Fixed Assets :

All fixed assets are stated at cost including incidental expenses thereto. Revalued assets are stated at the values determined on revaluation.

#### e. Depreciation :

- 1. Depreciation on fixed assets including revalued assets have been provided based on useful life assigned to each asset prescribed in accordance with Part - "C" of Schedule-II of the Companies Act, 2013
- 2. Depreciation on additions/deletions is being provided on pro-rata basis from the date of such additions/deletions,
- 3. Depreciation on Revalued Assets is adjusted with Revaluation Reserve.

#### f. Impairment of Assets :

- 1. The carrying amounts of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing the value in use, the estimated future cash flows are discounted to their present value at the weighted average cost of capital.
- 2. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life.

#### g. Investments:

Investments of long term in nature are stated at cost. No diminution in the value is recognized, if the same is not permanent in nature.

#### h. Valuation of Inventories :

- ✤ Finished Goods : Lower of cost or market realizable value
- → Raw Materials : At cost
- → Packing Materials : At cost
- → Stores & Spares : At cost
- ✤ Work in Process : At estimated cost (which includes Cost of Raw Materials, Labor & relevant overheads)

#### i. Retirement Benefits :

#### 1. Definite Contribution:

The company contributes to Provident Fund and ESI which are charged to Profit & Loss Account.

#### 2. Definite Benefit Obligation

Gratuity is not funded and is provided for in the accounts on the basis of actuarial valuation under projected accrued benefit method.

#### j. Income Taxes :

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

In situations where the company has unabsorbed depreciation or carry forward tax losses, all deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that they can be realized against future taxable profits.

#### k. Earnings per Share :

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit/ loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### 1. Provisions, Contingent Liabilities and Contingent Assets :

A provision is recognized when an enterprise has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.
